CHILD PROTECTION POLICY

The Witham Amateur Operatic Society (incorporating Witham Operatic Workshop) (hereinafter referred to as the society), recognizes its duty of care under the Children and Young Persons Act 1963, the Child (Performances) Regulations 1968, the Protection of Children Act 1999 and the Criminal Justice and Court Services Act 2000

The society recognizes that abuse can take many forms, whether it is physical abuse, emotional abuse, sexual abuse, cyber bullying or neglect. The society is committed to a practice that protects children from harm. All members of the society accept and recognize their responsibilities to develop awareness of the issues that cause children harm.

The society believes that:

- The welfare of the child is paramount:
- all children, whatever their age, culture, disability, gender, language, racial origin, religious beliefs and/or sexual identity have the right to protection from abuse;
- all suspicions and allegations of abuse should be taken seriously and responded to swiftly and appropriately;
- all members, and those contracted to the Society should be clear on how to respond appropriately.

The society will ensure that:

- all children will be treated equally and with respect and dignity;
- the welfare of each child will always be put first;
- a balanced relationship based on mutual trust will be built which empowers the children to share in the decision-making process:
- enthusiastic and constructive feedback will be given rather than negative criticism;
- bullying will not be accepted or condoned:
- all adult members of the society provide a positive role model for dealing with other people:
- action will be taken to stop any inappropriate verbal or physical behaviour, including that which may be discovered on social networking sites:
- it will keep up-to-date with health & safety legislation:
- it will keep informed of changes in legislation and policies for the protection of children:
- it will undertake relevant development and training;
- it will hold a register of every child involved with the society and will retain a contact name and number close at hand in case of emergencies.

- In accordance with this statement, under no circumstances will alcohol be available to children or young people under 18 years of age.

The society has child protection procedures that accompany this policy.

The society has a dedicated Child Protection Officer, who is in charge of ensuring that the child protection policy and procedures are adhered to.

The Child Protection Officer is...**Mr Steve Rogers**.... and he/she can be contacted on 01621 890850 or in his absence Hilary Graham on 01376 511926

This policy will be regularly monitored by the Executive Committee of the society and will be subject to annual review.

CHILD PROTECTION PROCEDURES

Responsibilities of the Society

At the outset of any production involving children the society will:

- undertake a risk assessment and monitor risk throughout the production process;
- identify at the outset the person with designated responsibility for child protection;
- engage in effective recruitment of chaperones and other individuals with responsibility for children, including appropriate vetting (if necessary in consultation with the local education authority);
- ensure that children are supervised at all times;
- know how to get in touch with the local authority social services, in case it needs to report a concern.

Parents

- The society believes it to be important that there is a partnership between parents and the society. Parents are encouraged to be involved in the activities of the society and to share responsibility for the care of children. All parents will be given a copy of the society's Child Protection Policy and procedures on request.
- All parents have the responsibility to collect (or arrange collection of) their children after rehearsals or performances. It is NOT the responsibility of the society to take children home.

Unsupervised Contact

- The society will attempt to ensure that no adult has unsupervised contact with children.
- If possible there will always be two adults in the room when working with children, preferably one of each gender.

- If unsupervised contact is unavoidable, steps will be taken to minimize risk. For example, work will be carried out in a public area or in a designated room with a door open.
- If it is predicted that an individual is likely to require unsupervised contact with children, he or she will be required to obtain a criminal record disclosure.

Physical Contact

- All adults will maintain a safe and appropriate distance from children.
- Adults will only touch children when it is absolutely necessary in relation to the particular activity.
- Adults will seek the consent of the child prior to any physical contact and the purpose of the contact shall be made clear.

Managing sensitive information

- The society has a policy and procedures for the taking, using and storage of photographs or images of children.
- Permission will be sought from the parents for use of photographic material featuring children for promotional or other purposes.
- The society's web-based materials and activities will be carefully monitored for inappropriate use. This will include, as far as possible, social networking sites.
- The society will ensure confidentiality in order to protect the rights of its members, including the safe handling, storage and disposal of any sensitive information such as criminal record disclosures.

Suspicion of abuse

- If you see or suspect abuse of a child while in the care of the society, please make this known to the person with responsibility for child protection. If you suspect that the person with responsibility for child protection is the source of the problem, you should make your concerns known to the Chairman. Allegations or concerns about abuse should then only be discussed with the Contact Person, Second Named Person, Social Care or Police.
- Please make a note for your own records of what you witnessed as well as your response, in case there is follow-up in which you are involved.
- If a serious allegation is made against any member of the society, chaperone, venue staff etc., that individual will be suspended immediately until the investigation is concluded. The individual will be excluded from the theatre, rehearsal rooms etc. and will not have any unsupervised contact with any other children in the production.

Disclosure of abuse

- If a child confides in you that abuse has taken place:

Remain calm and in control but do not delay taking action.

Listen carefully to what has been said. Allow the child to tell you at their own pace and ask questions only for clarification. Don't ask questions that suggest a particular answer.

Don't promise to keep it a secret. Use the first opportunity you have to share the information with the person with responsibility for child protection. Make it clear to the child that you will need to share this information with others. Make it clear that you will only tell the people who need to know and who should be able to help.

Reassure the child that 'they did the right thing' in telling someone. Tell the child what you are going to do next.

Speak immediately to the person with responsibility for child protection. It is that person's responsibility to liaise with the relevant authorities, usually social services or the police.

As soon as possible after the disclosing conversation, make a note of what was said, using the child's own words. Note the date, time, and any names that were involved or mentioned, and who you gave the information to. Make sure you sign and date your record.

DEFINITIONS OF ABUSE

Physical Abuse: Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, suffocating or otherwise causing physical harm.

Sexual Abuse: Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening.

Emotional Abuse: Emotional abuse is the persistent emotional ill-treatment of a child or young person such as to cause severe and persistent adverse effects on the child or young persons' emotional development.

Cyber Bullying: Cyber bullying is the use of ICT, commonly a mobile phone or the internet, deliberately to upset someone else. It can be used to carry out all the different types of bullying; an extension of face-to-face bullying. Cyber bullying can have a greater impact because it can go further, invade the home and personal space as well as the opportunity to involve a greater number of people. It has the ability to broadcast upsetting messages and images rapidly to a potentially huge audience and to continue doing so repeatedly over a long period of time.

Recording

- In all situations, including those in which the cause of concern arises from a disclosure made in confidence, the details of an allegation or reported incident will be recorded, regardless of whether or not the concerns have been shared with a statutory child protection agency.
- An accurate note shall be made of the date and time of the incident or disclosure, the parties involved, what was said or done and by whom, any action taken to investigate the matter, any further action taken e.g. suspension of an individual, where relevant the reasons why the matter was not referred to a statutory agency, and the name of the persons reporting and to whom it was reported.
- The record will be stored securely and shared only with those who need to know about the incident or allegation.

Rights & Confidentiality

- If a complaint is made against a member of the society he or she will be made aware of his rights under the society's disciplinary procedures.
- No matter how you may feel about the accusation, both the alleged abuser and the child who is thought to have been abused have the right to confidentiality under the Data Protection Act 1998.

Remember also that any possible criminal investigation could be compromised through inappropriate information being released.

- In criminal law the Crown or other prosecuting authority has to prove guilt and the defendant is presumed innocent until proven guilty.

Accidents

- To avoid accidents, chaperones and children will be advised of “house rules” regarding health and safety and will be notified of areas that are out of bounds. Children will be advised of the clothing and footwear appropriate to the work that will be undertaken.
- If a child is injured while in the care of the society, a designated first-aider will administer first aid and the injury will be recorded in the society’s accident book. This record will be counter-signed by the person with responsibility for child protection.

If a child joins the production with an obvious physical injury a record of this will be made in the accident book. This record will be counter-signed by the person with responsibility for child protection. This record can be useful if a normal allegation is made later, and will also be a record that the child did not sustain the injury while participating in the production.

Criminal Record Disclosures

- If the society believes it is in its best interests to obtain criminal record disclosures for chaperones or other personnel it will inform the individual of the necessary procedures and the level of disclosure required. A Standard disclosure will apply for anyone with supervised access to children. An Enhanced disclosure will be required for anyone with unsupervised access.
- The society will ensure that information contained in the disclosure is not misused.

Chaperones

Every group of children and young people must have at least two responsible adults present, preferably one of each gender.

- Chaperones will be appointed by the society for the care of children during the production process. By law the chaperone is acting in loco parentis and should exercise the care that a good parent might be reasonably expected to give to a child. The maximum number of children in the chaperone’s care shall not exceed 12.
- Potential chaperones may be required to apply for CRB disclosure or be asked to supply two references unless already well known to the society. They may also be asked to sign a declaration stating that there is no reason why they would be considered unsuitable to work with children.
- Chaperones will be made aware of the society’s Child Protection Policy and Procedures.
- Chaperones will not usually have unsupervised access to children in their care. If unsupervised access is unavoidable, or if this is a requirement of the local authority, a criminal record disclosure will be sought.
- Where chaperones are not satisfied with the conditions for the children, they should bring this to the attention of the producer. If changes cannot be made satisfactorily the chaperone should consider not allowing the child to continue.

- If a chaperone considers that a child is unwell or too tired to continue, the chaperone must inform the producer and not allow the child to continue.
- Under the Dangerous Performances Act no child of compulsory school age is permitted to do anything which may endanger life or limb. This could include working on wires or heavy lifting. Chaperones should tell the producer to cease using children in this way, and should contact the local authority.
- During performances or rehearsals, chaperones will be responsible for meeting children at the door and signing them into the building. At the end of the performance or rehearsal all children must be signed out.
- Children will be kept together at all times except when using separate dressing rooms.
- Chaperones will be aware of where the children are at all times.
- Children are not to leave the venue unsupervised by chaperones unless in the company of their parents.
- Children will be adequately supervised while going to and from the toilets.
- Children will not be allowed to enter the adult dressing rooms and vice-versa.
- Chaperones should be aware of the safety arrangements and first aid procedures in the venue, and will ensure that children in their care do not place themselves and others in danger.
- Chaperones should ensure that any accidents are reported to and recorded by the society.
- Chaperones should examine accident books each day. If an accident has occurred, the producer is not allowed to use that child until a medically qualified opinion has been obtained (not just the word of the parent or child).
- Chaperones should have written arrangements for children after performances. If someone different is to collect the child, a telephone call should be made to the parent to confirm the arrangements.
- Ensure that children leaving the rehearsal room/theatre do so only in the presence of adults known to have permission to do so. Permission from a parent/guardian must be signed and dated and include emergency details for each child or young person under the age of 18. If a parent has not collected the child, it is the duty of the chaperone to stay with that child or make arrangements to take them home. Where children have to be transported, arrange to have more than one passenger in the vehicle and ensure that children are in the back seats. Seat belts must be worn at all times.

Do not expect children to walk along a dark unsupervised path. Ensure that children leaving the rehearsal room/theatre do so only in the presence of adults known to have permission to do so.
